Oceanpayment

Installation Procedure

1. 将文件覆盖到 magento 网站根目录。

- 把文件夹 op_creditcard 复制到网站正在使用的模板路径中，例如：app\design\frontend\网站正在使用的模板名\default\template\op_creditcard

- 文件夹 images 复制到正在使用的模板路径中，例如：skin\frontend\正在使用的模板名\default\images

2. 到后台清除缓存

3. 进入配置 System-> Configuration-> Payment Methods

4. 把 （code.txt）中的代码复制到 /app/code/core/Mage/Checkout/controllers/OnepageController.php 中的 function savePaymentAction()下,如图：

```
463    public function savePaymentAction()
464    {
465        if ($this->_expireAjax()) {
466            return;
467        }
468        try {
469            if (!$this->getRequest()->isPost()) {
470                $this->_ajaxRedirectResponse();
471                return;
472            }
473
474            //Oceanpayment BR_OnlineBank专用参数
475            if($_POST['payment']['method'] == 'oceanpayment_bronlinebank'){
476                $_SESSION['opbronlinebank_pay_bankCode'] = isset($_POST['pay_bankCode']) ? $_POST['pay_bankCode'] : '';
477            }
478            if($_POST['payment']['method'] == 'oceanpayment_bronlinebank'){
479                $_SESSION['opbronlinebank_pay_cpf'] = isset($_POST['pay_cpf']) ? $_POST['pay_cpf'] : '';
480            }
```

5. 配置插件，Account，Terminal，secureCode，Transaction url 具体配置请联系技术支持。
